“Pete and I wanted to tell you about our new home! You all have been so helpful. I had heard from so many friends that buying a new home is, but you made it so easy. Every detail in the house was perfect. The craftsmanship-and on time. You helped me to transform my ideas of what a home should be. The colors, tile and the rest. They were always at the site when we visited. We have received a tremendous amount of compliments from the visitors to our home. Many of our friends were and we always highly recommend Future Homes. One of our friends even said “This is just what we need. Take it!” Thank you again for everything.”

Yours truly, Debra

“The award we take our greatest pride in.”

How thrilled we are with our new home. It was so wonderful to work with. I can't believe what a headache building a house was. We appreciate how easy it was. We appreciate how it was completed with the utmost care. Our mother Gay knew just how important a home should be into paint and finish. The Superintendent was nearly perfect (and that was a lot!) We received a lot of compliments from our neighbors. They have asked who the builder is. We will commend you. Close friends and family are looking for the house we need. We'll be back for building our dream home. Maria and Peter

“Just a personal comment to say that it is so refreshing to encounter a business owner who is so organized and attentive to customer needs, even after the sale. This week in my communication with you, I am again impressed by your commitment to quality and service”

Sincerely, Pam

“With this being the third home with the Thompson family, I continue to hold in highest regard not only the homes you build, but more importantly, the manner in which you do business.”
